MILITIA HONORS TO GOV. STUART

Executive Visits Camp and Reviews Men Upon Request of Vaughn.

HEARTY RECEPTION

Social Feature of Encampment Will Be Reception Tendered by Colonel and Mrs. Potts.

Gordonsville, Va., July 25—Governor Henry C. Stuart arrived here yesterday afternoon, He made his official visit to the troops today.

The governor last night was the guest of J. R. Anderson at his home several miles from Gordonsville.

The Governor and many of the officers will be the guests of Licutenant-Colonel and Mrs. Allen Potts at a reception at their home this evening

The arrival of the Governor was without formality of any kind. As he left the train at Gordonsville he was met by Colonel William J. Perry, commander of the First Infantry, and immediately entered a waiting automobile and was driven off before the people of this little village were aware of his presence. A large crowd gathered on the parade grounds to witness the review, but were disappointed. The regular regimental parade, however, was held, followed by the pretty ceremony of guard mounting.

Adjutant-General and Mrs. Sale arrived last night.

The reception tendered Governor Stuart and the officers by Colonel and Mrs. Potts was the leading social feature of the entire enampment. On account of lack of room, the affair was an invitation one.

Sunday will be a day of rest for the volunteers soldiers. All drills will be suspended, and the men will be permitted to sleep forty-five minutes longer than usual. The only formation of the day will be at retreat and guard mounting.

NOBLE MILITANTS ARRESTED.

Insisted on Presenting Pankhurst Letter to King.

London, July 25.—Two suffragettes belonging to the British nobility, Lady Barclay and the Hon. Miss Edith Fitzgerald, were arrested yesterday in Buckingham Palace, where they made persistent attempts to present to King George a letter written to His Majesty by Mrs. Emmeline Pankhurst, the militant suffragette leader.

The letter demanded a personal interview with the King and contended that the suffragettes should be given the same right to an interview as certain militant men, namely, Sir Edward Carson, Captain James Craig, John Dillon and John E. Redmond, who had, it was pointed out, been invited to Buckingham Palace by the King on his own initiative.

The women arrived at the entrance to the palace this morning, carrying a large scroll prettily draped with purple ribbon streamers. They stated that they had a petition to present to His Majesty. The attendants, however, persuaded them to leave, but they returned later and announced their determination to remain until they were given an audience with the King.

The police then took the women in custody and conducted them to the nearest police staton.

Later Lady Barclay and Miss Fitzgerald were arraigned at Bow Street Police Court and were bound over to be of good behavior.

NEWS OF THE DAY

The great national strike in Russia involving 300,000 men, is rapidly assuming the proportions of a revolution. Fierce fighting took place along the roads leading to Moscow yesterday. The strikers started the battle by attackng and destroyng the property of manufacturing concerns. Police were sent against the rioters, but were compelled to withdraw. A dangerous situation prevails at Moscow, where the strikers have joined forces with the Nihilists.

Having widowed his daughter by murdering Eugene M. Newman, her husband of five days, William V. Cleary, of Haverstraw, N. Y., is now planning to fight his way to freedom by trampling her honor in the mire. The "unwritten law" will be Cleary's defense, it is announced tonight. He will present as justification for his deed the fact that he believed Newman had wronged his daughter, although he fired four shots into the boy's body while his victim sat holding out for his inspection the marriage certificate which bore witness to the legitimate love he bore for Cleary's daughter.

A windstorm swept over part of Joliet, Ill., and surrounding country yesterday, killing two men, injuring half a dozen others, and leveling several barns and outbuildings. John Schafer, a farm hand and an inmate of the country poor farm, was killed by flying timbers. Five fires were started in various parts of the city and several head of stock in the suburbs were killed by lightning.

Ex-Congressman James D. Richardson died yesterday afternoon at his home in Murfreesboro, Tenn. He was Sovereign Grand Commander Scottish Rite Masons, Southern jurisdiction.

Rulof Paterson, the third member of the police force of Rockville Centre, L. I., to be arrested for the wholesale robberies which have been going on in that town for the past six months, has confessed that every robbery has been made with the knowledge of the police. All were specally conducted robberes by the poice themselves or made with their connivance.

The four children of Richard Roberts, a widower, of Taylor, Wis., were burned to death yesterday when the home caught fire while the father was away.

One man is reported killed and several injured in an explosion yesterday at Jasonville, Ind., of dynamite used in an effort to check flames that threatened to sweep the business section of the city. The damage is estimated at $400,000.

BRIDGING THE POTOMAC

Citizens of Alexandria County Will Ask for Immediate Action on Proposed Structure.

Several conferences have been held by Representative Carlin during the past few days with persons and delegations in rgared to the building of a bridge at once from Rosslyn to Washington. Among those who have called on him have been representatives of Georgetown and a committee representing the Alexandria Co. Public Service Association. It is understood that some agreement has been reached by which all will unite in asking for immediate action along a line likely to bring results reasonably satisfactory to all. No plan which fails to furnish two bridges one to replace the Aqueduct bridge near its present site and one going directly to the center of things in Washington, will be acceptable to large numbers of those who need to cross the river daily.

Mr. Carlin has been away from Washington this week. It is certain that, he will favor the location for the largest of the proposed new bridges which will give the quickest time into Washington from Alexandria county, together with reasonable comfort in travel.

Plans have already been prepared for the bridge from Rosslyn to 34th street in Washington, and are in the hands of Major Kutz, ready to be used as soon as the Carlin bill is passed.

WAR CLOUD IS HANGING LOW

Servia May Not Back Down to Austria and Precipitate War.

RUSSIA WILL DECIDE

Austrian Minister to Break Off Relations with Servia This Evening at 6 O'Clock.

London, July 25.—Upon the action of Russia and Servia, as a result of the ultimatum served upon the Belgrade government by Austria, rests the peace of Europe. With the Austro-Hungarian Minister at Belgrade instructed to leave Servia with his entire staff unless he is notified by 6 o'clock tonight that the terms of the ultimatum will be complied with, this was the opinion expressed today in diplomatic and military circles in all the capitals.

Austria has indicated that no interference will be tolerated in her dealings wth Servia. A special meeting of the ministerial council was called by the Czar yesterday, and another meeting will be held today, when it is expected Russia will act in behalf of Servia.

The first step, it is said, will be in the form of a request that the time limit of the ultimatum be extended. If this is refused, it was reported today, the Russian government may follow the request with an ultimatum to Austria.

London and all European stock markets were extremely weak today because of the belief that war is impending. The belief was expressed that Austria will consent to extend the time limit in which Servia must reply to the ultimatum, but it is expected that the answer of the Belgrade government is certain to be hostile.

From Vienna came reports today that the Servians are already preparing to evacuate Belgrade, which they concede could not be held in case of attack. The garrison will be moved to the south.

Whatever action Russia may take she will have the support of England and France, it was declared today. Germany has clearly indicated that any interference upon the part of Russia will be resented by the Kaiser's government, and the Czar will immediately call upon France and England for open support. All members of the British cabinet have canceed the week-end engagements and remained in London today, owing to the gravity of the situation.

Many persons have been killed and millions of dollars' damage done by storms and floods throughout Central Europe. Four persons were killed in Budapest by a terrific storm. A number of government and other buildings were wrecked.

HUERTA REACHES KINGSTON.

Expensive Suite in Hotel Engaged Two Weeks.

Kingston, Jamaica, July 23.—General Huerta and the party of fugitives from Mexico accompanying him, arrived here at noon yesterday on board the German cruiser Dresden from Puerto Mexico.

Arrangements had been made in advance for the former Mexican dictator with General Blanquet and the rest of the party to remain here for a week or more at a hotel, where several other Mexican refugees already have taken up their quarters.

General Huerta had luncheon on board the Dresden with the cruiser's captain and the German Consul here. He declined to see anyone while aboard ship.

At 3 P. M., with the members of his party, the former Mexican President debarked and went to a hotel, and immediately retired to the expensive suite engaged for him for two weeks.

BRIGHT HOPES FOR THE OMNIBUS BILL

Virginians to Receive Restitution for Damages During War.

WORK OF MR. MARTIN

Senior Virginia Senator Working Early and Late in Bringing the Claims Before Congress.

Washington, D. C., July 25,—Of the deepest interest to Virginians is the omnibus claims bill now pending before Congress.

Senator Martin, of all the members of the United States Senate, has done more to secure justice for these Southern claimants than has any other Senator. One must be thoroughly familiar with the routine stages through which these war claims must pass and the difficulties and obstacles in the way of final success before he can fully appreciate the fight through a period of many years which the senior Senator from Virginia has made to have the claims paid. Up until the recent change of administration the Republicans had dominated the Senate committee on claims, of which Senator Martin has been a member for years, and the disposition of the Senate was unfavorable to the payment of these Southern war claims, yet that did not discourage the Virginia Senator. Congress after Congress he fought for the claims in which his State was so deeply interested and many of them were paid from time to time. This was not accomplished without struggles in each instance, which often resolved itself into a question of endurance. In many cases the fighting Virginia Senator emerged victor simply by "outgaming" his opponents. The Virginia people know that 'Tom Martin" is a fighter, and the expression: "He gets what he goes after," applied to him is often heard in the capitol where even his political opponents admire his splendid ability.

For the benefit of those who may not know the nature of the so-called omnibus claims bill it may be well to state here that this measure is one which contains the claims of individuals against the government for damage to property and losses during the Civil War. In a private or individual claim it is necessary for it to be affirmatively proven that the claimant was loyal to the Federal government during the war, before his claim will be considered for incorporation in an omnibus claim bill, even if all the other exacting requirements are met. While Senator Martin has done everything it was possible for him to do for these private claims of Virginians, his "hobby" (if it may be termed as such) has been the church claims . At the time of the recent change of administration when a new list of committee assignments was being made up and a few of his envious colleagues thought that Senator Martin was a member of too many large committees, besides being chairman of the most powerful Senate committee—appropriations—he found it necessary to chose between the committee on claims and another far more attractive and desirable committee. Was he undecided as to which he should retain? Not he, for he saw a claims committee of which Democrats would be the dominant members and as a member of which a broader field would be opened up to him for his efforts in behalf of the Virginia churches. In sight was the goal of his endeavors, extending over a period of many years. He realized that the claims committee would entail upon him ten times as much labor as the committee he relinquished, but Senator Martin seems to thrive on work. He chose the committee on claims, and as a result the above facts wil show that Virginia has cause to congratuate herself that he made the choice he did.

Senator Martin is a quiet, unassuming man. He never makes a set speech on the floor of the Senate; he does not play to the galleries

STARTING POINT FOR AIRBOAT.

Beach 33 Miles South of St. Johns Selected.

New York, July 25.—A site 33 miles south of St. Johns, N. F., has been selected as the starting place for the trans-Atlantic flight of the airboat America.

Walter D. Walker, who went to St. Johns three weeks ago to select a place for the departure of the America, returned yesterday. The site selected, he said, was near Cape Broyle, on a long stretch of sandy beach, and so sheltered as to provide ample protection against adverse winds.

Advices from Hammondsport, N. Y., where the America is undergoing her trials, indicated that every obstacle had been overcome that the airboat would be shipped to St. Johns from this city on August 1 and that Lieutenant Porte, who is to pilot the flier, will start for the Azores about August 15.

DUEL MAY RESULT FROM THE TRIAL

Challenge for Insult Sent Associate from President of Court.

OTHERS MAY FOLLOW

Partiality Toward Slayer of Calmette During Colloquy Over Letters of Ex-Premier.

Paris, July 25.—A duel between Judge Albanel, president of the Court of Assizes, and one of his associates is in prospect today as the latest sensation in the trial of Mme. Joseph Caillaux for the murder of Gaston Calmette, editor of Le Figaro.

Judge Albanel today sent his seconds to First Asociate Judge Louis Dagoury because of a remark the latter made while on the bench during the progress of the trial yesterday.

As a result of the bitter political feeling and the sentiment which has been stirred as the trial has progressed, many expressed the belief that the challenge today was only one of a series which may follow.

The challenge of Judge Albanel followed the intimation by Judge Dagoury that the presiding judge was showing partiality to Mme. Caillaux and her distinguished husband, the former prime minister. Leaning over toward Judge Albanel during the session, Dagoury whispered: "Sir, you are dishonoring us!"

At the time, Judge Albanel flushed in anger, but as those in the court room did not know what Dagoury had said, it was believed the incident would be passed. Albanel paid but scant attention to his associate during the remainder of the session, and today dispatched his seconds.

General Dalstein, former military governor of Paris; M. Bruneau and M. Delaborie acted as Judge Albanel's seconds. It was during the discussion as to the disposition of the now famous letters held by Mme. Gueydan, divorced wife of Caillaux, that the incident resulting in the challenge occurred.

Mme. Caillaux fainted in court today when two love letters written her by the former premier before their marriage were read. One of these letters ended:

"Thousands and thousands of kisses on your beloved body."

Judge Albanel ordered a recess while Mme. Caillaux was removed from court.

The letters which were read today are not the ones the publication of which Mme. Caillaux feared and which led to the shooting of Calmette.

GUIDE TO LEGISLATION.

Lewis H. Machen Gathering Material for Lawmaking Along Scientific Lines.

The legislative reference bureau, established by the last legislature, and placed under the direction of Lewis H. Machen, of Alexandria, is undertaking to gather a large amount of material for the use of coming generations of legislators. The idea of the bureau is to prevent a repetition of the hasty and ill-advised legislation that has sometimes marred the work of American States.

Mr. Machen is at work gathering his material, and hopes to have in time a complete file of newspaper clippings and other transitory literature giving information as to the progress of the various reform movements that are taking place in the different States of the Union. He hopes to inaugurate a clipping bureau that will keep in touch with all of these things.

In addition to his work, and really, the more important part of the process of gathering sources of information, will be a system of card indexes to all the legal volumes in the capitol and State libraries. By this system there will be placed in easy reach of all who desire to write their country's laws the works of other States on these same subjects, and thus, it is felt that much expense and needless legislation will be saved the State.

Another side of the department is, of course, the actual framing of the laws, a work that the bureau is expecting to do a great deal of and in which it can probably be more effective than in any other manner. For instance, when a rural legislator desires to draft a law on a subject of which he is ignorant, the services of the experts employed by the bureau will be at his disposal. All laws before the legislature will be scanned, and there will be a chance for expert advice and the exposing of any possible riders in innocent looking laws.

DEATH OF MR. RICHARDSON.

Grand Commander of Scottish Rite Masons Well Known Here.

Members of the Masonic fraternity in Alexandria learned with great regret this morning of the death at his home in Murfreesboro, Tenn. yesterday of the Hon. James D. Richardson, soverign grand commander of the Scottish Rite Masons, southern jurisdiction, and one of the most prominent men in the United States Mr. Richardson has been in bad health for some years but recently his condition somewhat improved.

He was 71 years old and served for twenty years in Congress, from which he resigned to take up the important work as head of the Scottish Rite.

Mr. Richardson was well known in Alexandria. He was greatly interested in the establishment of the Scottish Rite bodies here and when they were organized four years ago he paid a visit to Alexandria and assisted in the work of installation. He was also interested in the project to erect the George Washington Masonic Memorial temple in this city and was one of the organizers of the association which was formd for this purpose Mr Richardson was one of the principal speakers at the annual banquet of Alexandria Washington Lodge of Masons three years ago and made a splendid impression.

TOLL GATES IN FAUQUIER.

The toll gates have now been in operation for some days on the Alexandria and Waterloo roads and though they may never become popular, they have already shown their efficiency as money getters. We hope it may not be necessary to make the toll gates a permanency, or at any rate that when past the experimental ssage the rates may be reduced. Warrenton Virginian.

PLANS FOR BIG REUNION

Scottish Rite Masons of Alexandria Will Confer Degree of Order Next Fall.

Election of officers and plans for a big reunion to be held in the fall, at which time a large class will receive the degrees of the order, were made at meetings of three bodies of Scottish Rite Masons of Alexandria, held last night at Masonic Hall.

Owing to the death of James M. King, secretary of all the Scottish Rite bodies, Frank M. Latham was elected secretary. Robert S. Barrett was elected almoner of all the bodies in place of William G. LeHem, deceased.

In Randolph Chapter of the Rose Croix, Frank M. Latham, resigned as wise master and the following officers were then elected: Percy E. Clift, wise master; W. S. Connelly, senior warden. W. R. Cline, junior warden; A. A. Paul, orator; J. William May, master of ceremonies, and W. W. Ballenger, expert.

Connelly, second lieutenant commander; W. R. Cline, chancellor; J. William May, orator; Robert S. Barrett, almoner; Frank W. Latham, recorder; James M. Duncan, treasurer; George W. Zachary, sentinel; T. C. Smith, master of ceremonies; W. Lewis Allen, turcopiler; H. S. Brown, draper; S. R. Kelly, first deacon; J. O'Hanlon, second deacon; W. J. SPECIAL JULY TERM.

Judge J. B. T. Thornton will convene a special July term of the Circuit Court of Alexandria County on Tuesday for the purpose of trying the suit of Anna E. Zell, administratrix, against the Washington and Old Dominion Railway for $10,000 damages. The suit is the result of an accident at Hume crossing, near this city, a year ago, when William H. Peck and Eugene Zell, of this city, were killed by a train of the railway company while crossing the tracks in an automobile.

INQUESTS IN FAIRFAX.

Coroner Takes Exception to Action of Magistrates Who Take Charge of Cases.

Dr. E. L. Detwiler, coroner of Fairfax County, was much interested in newspaper reports of the inquests held by Magistrate Stuart, of Mt. Vernon district into the deaths of James W. Roberts, killed by a train at Roberts' Crossing, and John Henry, a colored boy electrocuted by a live wire at Seminary. Under existing law the coroner is alone empowered to hold inquests, and in several instances Dr. Detwiler has had to perform inquests over again in cases where justices of the peace have assumed jurisdiction. The best opinion is that inquests by justices of the peace are clearly illegal.—Fairfax Herald.

SIGNS OF THE TIMES.

The huge war cloud which has appeared in Europe is causing the greatest excitement. The effect on the markets of the old world is especially alarming. Should Servia refuse to back down from Austria's bristling bayonets by six o'clock this evening, the Austrian minister will leave Belgrade and a terrible war will follow. Russia and France are said to be backing Servia, while Germany is an ally of Austria.

The Pan-Servia movement is gaining force all the time. Servia is a small kingdom, but capable of considerable expansion could she secure a seaport on the Adriatic. Her recent attempts to do so have invariably been thwarted by Austria, and she is, as it were, bottled up as an inland nation, with no chance of growth under present conditions.

After the close of the Balkan war Servia, by spending millions of dollars and sacrificing thousands of lives, found herself in possession of a port which afforded an outlet to the sea. Her powerful neighbor, however, played a conspicuous part in compelling her to relinquish the spoils of that sanguinary war This has festered in the Servian breast and thousands of persons in the unfortunate kingdom are driven to desperation over what they regard as an injustice at the hands of Austria. The assassination of the Grand Duke recently was the outcome of the tension between the two nations.

We will know by tomorrow whether the little kingdom is to back away at the ultimatum of Austria.

While this ominous cloud is obscuring the eastern horizon, England, which can, in a measure, be neutral should a clash follow, has internal troubles which are difficult to handle. The efforts of King George to cast oil upon the waters in the bitter issue now in progress in Ireland have proven a signal failure, and Erin is preparing for a conflict upon the Home Rule issue.

Dispatches from London say there is no hope of bringing about a settlement of this vexatious issue. The Ulsterites are mobilizing and preparing to fight Home Rule unto death. Those favoring the measure are equally determined, and should bloodshed follow there is no telling where it will end.

Another cloud is forming over Russia. At least half a mallion men are on a strike in the Czar's realms, and notwithstanding the unmerciful manner in which they are being treated by Cossacks, the movement is growing all the time.

SUFFERING FROM THE HEAT.

Alexandrians probably suffered more from the heat yesterday than any day this summer so far, though the thermometer showed officially that the maximum temperature was considerably lower than the previous day. Yesterday's [illegible] record was 92, but those who [illegible] called them outdoors wouldn't have believed any such yarn—it felt like 102.

There was a light breeze in the early morning and a light rainfall, just enough to create the humidity which caused all the mischief—when the sun came out it streamed down with pitiless fury, relieved only occasionally by teasing clouds.

These conditions were apparently general all over the country yesterday with temperatures ranging along with that of this city. None of the big stations of the country reported rain. From the State instruction camp at Gordonsville, last night it was reported there had been several heat prostrations during the day among the sodier boys.

The weather man promises no relief today except possibly of clouds to temper the sun's rays, which will be of some comfort.

RUSSIA STERN WITH STRIKERS

More Troops With Machine Guns Sent To Capital.

St. Petersburg, July 25—Stern measures were taken by the authorities yesterday to suppress the strike riot, which have been in progress for several days in the streets of the capital and in which a large number of casualties have occurred as a result of conflicts between the police and Cossacks on one side and the workmen on the other.

Considerable leniency was shown during the presence here of Raymond Poincare, President of the French republic, but immediately after his departure four regiments of Cuirassiers, under the command of General Kasnakoff arrived from Krasnoye Selo to assist in suppressing the disorders. They brought with them a number of quick-firing machine guns

A squadron of the newly arrived cavalry charged and dispersed a crowd of strikers.

The authorities estimate the number of strikers at 135,000, but it is believed the total is greater.

The street-car service, which has been interrupted for 48 hours, was restored today. This fact incensed the strikers, who hurled volleys of stones at the cars and their driver. Several demonstrations were attempted, but the manifestations were quickly dispersed by Cossacks.

Police fired a few shots at the windows of private houses from which stones had been thrown down at them.

Many Government employes have joined the movement.

The launch Lark was reported run down and sunk two miles off Erie, Pa., shortly before midnight last night and her twelve passengers drowned.

ENTIRELY BALD

Her Hair Commenced to Grow after Two Weeks' Use of Newbro's Herpicide

"Fever caused me to be entirely bald. I had given up all hope of again having hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. I now have the most beautiful head of hair anyone ever saw. Praise to Newbro's Herpicide."

Thus writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair.

Newbro's Herpicide is "the original remedy which kills the dandruff germ" and stops falling hair.

Applications may be obtained at the best barbers and hair dressers.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

PASTOR BUYS BEER

Rev. Judson Westfall, of Portsmouth, Put Violator of Law in Jail

Norfolk, Va, July 25—It isn't often that an ordained minister and pastor of a flourishing church buys and drinks a bottle of beer to prove a violation of the excise law, but that is what Rev. Judson Westfall, pastor of South Street Baptist Church in Portsmouth, did on Sunday, July 5. As a result, John Wepifeber, proprietor of the First Street restaurant was fined $50 and sentenced to serve sixty days in jail.

Pastor Westfall's testimony was that he and leading members of his church with knowledge that the excise law was being violated on Sunday, and unable to get convictions when reports were made to the police decided to "gum shoe" and by buying and drinking beer to become witnesses. They were successful. In addition to the double sentence, the trial justice recommended that the liquor license of the proprietor be revoked. The courtroom was packed with ministers and friends of Pastor Westfall during the trial of the case.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Dangers of Cholera Morbus.

In almost every neighborhood some one has died from an attack of cholera morbus before medicine could be procured or a physician summoned. Every family should be prepared for such an emergency. Mrs. E. M. Snyder, Herkimer, N. Y., says: "About four years ago my husband had an attack of cholera morbus. I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved the pain immediately, and two or three doses of it effected a cure." For sale by all dealers.

GUNS MEAN HOME RULE.

Sir Roger Casement, of Dublin, Tells A. O. H. 160,000 Rifles Will Win the Cause.

Norfolk, July 25.—Sir Roger Casement, of Dublin, Ireland, a non-Catholic, won himself a warm spot in the hearts of Hibernians when he declared before the national convention of that order yesterday that when the Irish volunteers are equipped with 160,000 rifles Home Rule will become a reality.

"This will not mean war," declared Sir Casement, "but it will be such an overpowering show of strength in comparison with the four counties of Ulster opposing Home Rule it will have the effect of assuming the quick passage of the bill.

"Ultimately it will be the best-armed force that will win. At the present time, with the tacit consent and knowledge of the Liberal Government, Ulster is well armed. The Government takes the position that you cannot argue against a rifle, and the only thing to do is to compromise by giving the rifle what it wants."

Patrick J. Egan, former United States Minister to Chile, and Bourke Cochran addressed the convention yesterday, advocating Home Rule, and the patriotism of the Irish volunteers.

KILLED FOR RECUMBANCY.

To See a Man Lying Down Drove Kermeen to Murder, He Says.

Tombstone, Ariz., July 25.—W. W. Kermeen, whose defense was that he had an irresistible impulse to kill any man he saw lying down, was found guilty yesterday o fthe murder of J. F. Harrell, of Bisbee, a former bank clerk of Los Angeles and Oklahoma. He was sentenced to be hanged.

Two weeks after Harrell's body was found on a hilltop near Bisbee last May, Kermeen was arrested in El Paso, Texas. He told the police that he was out hunting with Harrell and shot him in the back as Harrell lay on the ground to fire at some game. At first he said he committed the murder because he needed the bank clerk's money, but later he repudiated this part of the confession.

Kermeen is wanted at Redding, Cal., in answer to the charge of killing a woman.

ARREST NO-HELL TALKER

Boisterous Interruption of Revival Provokes Action.

Pottsville, Pa., July 25.—Revival services which have been in progress in a specially erected tent on Mauch Chunk street, wee rudely interrupted yesterday afternoon when George Morgan, a resident of Pottsville, arose in his seat and shouted in the midst of the sermon:

"There is no hell; the only hell we will ever see is that which we have on this earth."

Morgan was arrested by Chief of Police G. W. Hoepstine, declared he thought he had as good a right to express his opinion on a theological subject as any preacher.

KILLED BY FALL.

Staunton, Va., July 25.—Word has been received here of the tragic death at Whitney, N. C., on Monday of Marcus Spencer, who had relatives and numerous friends in Staunton, where he resided for a long while attending school. Beyond the bare fact that he was killed by a fall, no particulars were given in the brief message that announced his death. The young man was engaged in bridge construction, and it is supposed that he met his death while he was at work.

MAN TORTURED BY MOB.

Victim Tells Thrilling Story of Treatment at Hands of Unknown Assailant.

Danville, Va., July 25.—Lured to a lonely spot in the Patrick County Mountains by the promise of being given a barrel of whiskey, Joseph Pruitt was attacked several days ago by a mob of men, who, according to Pruitt's story, tortured him because he would not tell what he knew about the murder of William Lawson last winter. The men seized Pruitt, he says, and, pulling the noose of a rope round his neck, carried him to a tree and gave him three minutes to make a clean breast of the information alleged to be in his possession. Pruitt declined, and was jerked up, only to be let down a few seconds later and given another chance. In this way he was handled for an hour, and was left exhausted on the ground. He failed to recognize any of his assailants. Commonwealth's Attorney Woolwine, of Stuart, is investigating Pruitt's story.

SIGNS TO CALL TO CHURCH

Electric Cross First of Novel Experiments in Cincinnati.

Cincinnati, July 25—The churches of Cincinnati will use novel means in an effort to promote church-going in this city. Electric signs just as large and in some instances larger than those used by the theatres, will be placed in front of the churches The first to be installed will be at the Trinity M. E. Church, on West Ninth street. The sign will be in the form of a cross, to measure 17½ by 8½ feet, and will be the largest device used for similar purposes in the country. Elaborate ceremonies will attend the dedication of the sign. "If it pays to advertise theatres, it should pay to advertise churches," said Attorney Ramsey, originator of the idea.

FIGHT MAY COST THREE LIVES.

One Man Killed, Two Badly Cut When Boys Throw Stones.

Pittsburg, Pa., July 25.—One man was instantly killed and two others were probably fatally wounded as the result of the throwing of stones by a small boy in East Carnegie late Thursday night. The casualities are:

George Kunkle, 27 years, jugular vein severed; dead.

Fred Hufnagle, 18 years, stabbed in left lung.

George Reitze, 20 years, severely cut in back and breast.

Two men, said to be Italians, were walking in Idlewood avenue, when one of them was hit with a stone. After accusing two small boys, they left, but later returned with three friends and attacked the boys. Kunkle, Hufnagle and Reitze interfered and a fight followed.

Pete and Franke Krolec, brothers, were arrested, and are said to have admitted being in the fight.

SPAT IN FACE OF CONSUL.

Climax of Differences Over Politics Expected to Result in Duel.

New Orleans, July 25.—Dr. Ramon Guzman, editor of the Pan-American Review, strolled past the St. Charles' Hotel yesterday afternoon. At the same time, but proceeding in an opposite direction, General Pena, Consul General for Guatemala, was passing the hotel. The two gentlemen met face to face. Dr. Guzman paused long enough to spit in the eyes of the Guatemala Consul. Then he proceeded on his way with dignity and grace.

Friends of the Consul and editor considered the matter and advised that nothing short of application of the code duello could atone. Plainly, the matter was an affair of both personal and international honor. Then the two gentlemen bowed and placed themselves in the hands of their friends.

Chief of Police Jim Reynolds heard of the affair and sent two of his biggest policemen to the famous "duelling oak," in City Park, where many affairs of honor have been settled. His instructions were: "If these two guys start anything, beat hell out of the principals and their entire revolutionary junta."

Up to a late hour last night nothing fatal had grown out of "the insult horrible" offered General Pena by Dr. Guzman.

CHILD PLAYS BY SUICIDE.

Father Comes Home for Supper, Finds Wife Dead.

Egg Harbor, N. J., July 25.—Returning home for supper last night, Henry Goller found his wife stretched out on a bed dead. Beside her was a two-ounce bottle, which she had drained of carbolic acid. Florence, a daughter of a year and a half, was playing beside her.

No motive is known for the suicide. The young woman was in good health. She had returned from a shopping trip only a short time before.

Woman's Duty to Herself.

Every woman owes it to herself to keep in good health. No one can reasonably be expected to maintain a cheerful disposition when half sick. Indigestion and constipation are two of the most common ills to which women are subject and fortunately are easily cured. Mrs. H. C. Getty, Indiana, Pa., writes: "Last summer I was advised by a friend to try Chamberlain's Tablets for indigestion and constipation. This medicine not only cured me of these disorders, but toned up my whole system so that my health has been better than for years since taking them." For sale by all dealers.

HARRIE WHITE

"This man must win!"
"He's the man who, from the beginning of time, has proved to the world that it can be done. You can check him but he'll come back and come back until you wreck him. His will is made of whalebone. It has snap but won't snap. Bend it as much as you please but watch out for the rebound! He'll thrive so long as he's alive. The length of his right is the limit of his faith. It takes more than one hit to make him quit!"
